Keynote Speaker - Monday 15 June, 2009

Richard Watson

Keynote 4: Future files: a history of the next 50 years

Notes:

Flexibility = Innovation – when and how you work

As long as you get the work done, who cares how long / when you do it?

Speed of change – “Retirement” will die out

“Blended” life / work

Public Libraries – WILL increase activities because even though technological age, the library will become one of the few neutral and safe spaces – more value – thinking space
